PROFILE

Aspiring Full Stack developer with a passion for learning and sharing what I've learned to others. I'd love to join a team that's as ambitious as I am, but also knows how to make work a fun and inviting place to be. I excel in groups and collaborating with others, but I also work great by myself.

SKILLS

- C# and JavaScript back-ends
- Creative Solutions
- Figma and Trello Planning
- Vue3 and JavaScript front-ends
- Team Player
- Group Morale Booster
- Highly Detailed Oriented
- Strong Communication

EXPERIENCE

SOFTWARE DEVELOPMENT STUDENT

CodeWorks

2022

- Built a number of Single Page Applications using Vue3, Javascript, C#, and HTML.
- Developed multiple API's in JavaScript and C# used in conjunction with mongoDB, Dotnet SQL, and Auth0.

WAREHOUSE DRIVER

Platt Electric

2019-2022

- Picked, packed, and loaded various electrical supplies by hand, forklift, and handtruck.
- Processed payments and created accounts for my employer using an IBM A/S400 operating system.
- Helped maintain warehouse upkeep and cleanliness.
